Full job description

Your new role

This role will see you reporting to a senior geologist and will involve supervision of a water bore drilling program. This will include running and supervising pump testing and provision of data to the hydro consulting team, logistics, sampling (water and chips), down hole logger installation for pump testing and several other tasks as required. Great opportunity to further your Field Assistant skills!

What you'll need to succeed

- Previous experience as a field assistant
- Self – starter and competent in the bush
- HR license preferred but manual license considered
- Forklift license
- Senior First Aid preferred
- Ability to pass a pre-employment medical

What you'll get in return

- 3-month assignment
- Flexible roster
- Competitive day rates depending on experience
- Weekly pay cycle

- March/April start
- Camp facilities including – AC with satellite TV
