Full job description

Numerous positions across Victoria currently available in the Defence Market - there has never been a more exciting time in the Defence Industry. If you have currently / previously worked for defence or are in the Rail industry, please feel free to reach out for a confidential discussion on a number of exciting opportunities that are currently available.

There are currently opportunities in permanent, contracting, below and above the line - NV1 sponsorship available (Australian citizenship is required). Working with some of the largest Defence primes on flagship projects.

Please reach out to ali.kavanagh@hays.com.au for a confidential discussion.

Numerous positions available in the Defence Industry:

- ILS Engineers
- Quality and Safety Engineers - Aviation / Automotive
- System Engineers - all levels and backgrounds
- Technicians - electrical
- Integration / Installation Engineers - all platforms
- Senior Engineers - various backgrounds

- LAME / AME engineers
- Systems Safety Engineers
- And many others ..

If you are keen to set yourself up with a new role for the new year, be introduced to a company of interest or just confidentially chat about the market and market rates, then please do not hesitate to reach out ali.kavanagh@hays.com.
